## CARLTON CYCLES

**GUARANTEE**—Every part which is sold by us either separately or assembled with other parts carries the following express agreements, which take the place of and exclude all conditions, warranties, and liabilities whatsoever, which exist either by Common Law, statute or otherwise. Any statement, description, condition, or representation, either verbal or contained in any advertisement, catalogue, leaflet or other publication shall not be construed as enlarging, varying or over-riding these. We give no guarantee as to performance, quality, or fitness for any particular purpose. Should any defect be alleged in material or workmanship within 10 years after purchase from us we undertake, on the immediate return of the part which is alleged to be defective to our address, carriage paid, within such period, and accompanied by particulars as to the date of purchase, to examine the same, and should any fault be found by us on examination to be solely due to defective material or workmanship, we will repair the defective part or supply a new part in the place thereof free of charge. We do not undertake to bear the cost of any work involved in reinstating a repaired or inserting a new part. This guarantee as to material or workmanship does not extend to defects caused by wear and tear, dirt, neglect, misuse, or accident, nor does it apply to machines let out on hire. Our responsibility is limited to the terms of this guarantee, and we will not be answerable for any contingent or resulting liability or loss, damage, or personal injury arising through any defect, or for any claim for labour, material, or other expenditure incurred in remedying any defect. This guarantee shall apply to parts repaired or replaced under the above clauses and the time limit as to such parts shall run as from the date when any part is repaired or replaced, all the aforesaid implied conditions, liabilities and warranties being excluded.

Coloured and chrome finishes are not guaranteed, but every precaution has been taken as to materials and workmanship, and in cases of complaint we are at all times agreeable to meet the customer. We guarantee only those machines which are bought from one of our authorised agents. We do not guarantee the specialities of other firms such as Tyres, Chains, Saddles, etc., supplied with our cycles or otherwise. We endeavour to secure the highest quality of these articles, and the makers, whose names generally appear thereon, are in nearly every case willing to replace any defective part, and we will at any time furnish the maker's name as a proof of quality.

The acceptance of the Goods by the agent shall be considered an acknowledgment that they are sold and accepted subject to these conditions and the agent agrees to impose these conditions upon any person to whom the goods may be supplied.

**AGENTS OR DEALERS**—Those firms whom we describe as Agents or Dealers are not authorised to incur any debts or transact any business whatsoever on our account, other than for the sale of goods which they may purchase from us; neither are they authorised to give any warranty or guarantee on our behalf, except that which is conveyed on our general warranty as above.

Carlton

THE HAND-MADE CYCLE

CARLTON CYCLES was established in 1898 at Carlton, near Worksop and was carried on as such until the year 1933, when the business was taken over by Carlton Cycles Ltd. The present Company was reorganised in 1936 and the plant and methods of manufacture specially adapted to the manufacture of high grade Racing and Club Cycles. Many new models were introduced in 1936-37 including the now famous "Carlton Flyer," Massed Start, Time Trials, Super Python, Continental, Silver Clubman, etc. The standard of workmanship is now higher than ever and we can safely assert that our cycles to-day are equal to any produced elsewhere.

**SPECIAL NOTE.**—We do not show anything in this catalogue other than a model made up to a price for purposes of comparison. All racing models are completely built with racing light gauge butted tubing and are made to individual order and you are not tied down to the specification quoted for that particular model. Any gear can be supplied, Sprints and Tubulars and All chrome or special coloured finishes where not specified. To-day over 50% of our output is sent out with Sturmey Archer or Derailleur Gears.

Our Sports Models are hand built to the specifications shown, but extras, such as gears and different finishes are available.
