Made in France

Riviera

This 3 Speed folding bicycle is designed for everyone in the family to enjoy. With a flick of the levers, the seat, or the handle bar, can be adjusted to suit a 10-year old or a 6 foot man. It's durable and fun to ride. Built with 20" wheels, it is easy to store. And easy to carry in a car, plane or boat. It's no wonder folding bicycles have become so popular in Europe.
