MOTOBECANE

The logo features a stylized, bold letter 'M' composed of black, blue, and red geometric shapes. Below the 'M' is the word 'MOTOBECANE' in a bold, black, sans-serif font.

Bicycling has come of age in America, and MOTOBECANE has played an important role in that process.

You may be a racer, a tourer, a commuter, a novice or a recreational rider. Whatever your passion, MOTOBECANE has designed the bicycle you want. Our extensive history in bicycle design coupled with a strong tradition of European craftsmanship and a commitment to use only the finest components available put MOTOBECANE on top of the market.

Our bicycles are designed to fit three general categories: touring, sport and racing. Within each category you will find a variety of machines, including one that precisely meets your needs. Or, you can join our unique frame set program, and custom-tailor your own one-of-a-kind bicycle.

Several new models, including the NOMADE 1, the NOMADE 2 and the MIRAGE, are designed to open the world of cycling to individuals who might have less to spend, but still demand quality workmanship in the MOTOBECANE tradition.

Of course all models meet CPSC safety standards, as verified by an independent testing laboratory.

Each bicycle will be professionally assembled and aligned by your authorized MOTOBECANE dealer to guarantee that your purchase meets our own stringent quality requirements.
